EMG LABORATORY

The laboratory performs neurophysiological diagnostic tests of neuromuscular diseases. The following tests are performed:

1. Neuromuscular conduction studies:

- Traumatic and compression injuries of peripheral nerves (e.g. spine, elbow, radial, sagittal, facial) price from 100 PLN up to PLN 150 depending on the need to use a needle electrode,
- Damage to the nerve plexuses (brachial plexus, lumbosacral plexus) price from 200 PLN up to 250 PLN,
- Multiple acute and chronic nerve damage (e.g. inflammatory polyneuropathy, in the course of diabetes, after oncological treatment) price from 200 PLN to 250 PLN.

2. Muscles studies:

- Hereditary muscle diseases (muscular dystrophies) - price 100 PLN,
- Acquired inflammatory and autoimmune diseases (e.g. muscle, dermatomyositis) - price 100 PLN,
- Degenerative diseases of the central nervous system (e.g. ALS) price from 350 PLN to 400 PLN.

3. Research on the neuromuscular junction:

- Myasthenia gravis and myasthenic syndromes price 80 PLN
- Electrolyte disturbances (tetany) price 100 PLN.

4. Evoked potentials:

- Visual evoked potentials (e.g. diseases of the optic nerve, visual disturbances) price 90 PLN.

The price of the test depends on the need to use a needle electrode and the necessity to extend the scope of the study. The price list below shows the individual procedures that make up the final cost of the audit.

The laboratory is open: Wednesdays from 7.30 - 17.00; Thursdays from 7.30 - 16.00; Fridays from 7.30 - 15.00.

Personal registration during the working hours of the studio or by phone: tel. +48 89 539 33 67 from 9.00 a.m. to 11.00 a.m.

EEG LABORATORY

Electroencephalography (EEG) is a non-invasive method diagnostic, used to study the brain's bioelectrical activity using an electroencephalograph. It facilitates the differentiation of diseases and organic brain. We perform EEG testing in children and adults. These are tests for wakefulness or after sleep deprivation and EEG examination with videometric preview.

The laboratory is open from Monday to Thursday from 7.00 a.m. to 4.00 p.m., on Fridays from 7.00 a.m. to 3.00 p.m.

No	Procedure	Type of procedure	Price
1	89.14	Standard EEG	100,00 PLN
